Technology Help Committee Minutes (APPROVED)

October 7, 2025 @ 7:00p

Members: Jennifer Poehlmann, John Blohm, Brenda Brown, Barbara Coniff and Mark Miszewski

The newly formed Technology Help Committee met via a Google Meet on October 7th at 7:00p to discuss the scope and intent of this committee in serving the community of St. Elizabeth Ann Seton Church.

We discussed the value in helping all of the generations to be comfortable with technology that is widely used to stay connected in today's social environment.

This committee will plan to meet quarterly or as needed. There are certain events that will help to introduce the committee to the community and the abilities of the committee will be helpful to roll out specific technology related tools such as FORMED, SCRIP, and FAITH DIRECT.

On the weekends of Nov 15 & 16, Nov 22 & 23, and Nov 30 & Dec 1, the committee will be available to assist with FORMED and getting parishioners connected to this wonderful resource. This will be a good point of entry due to the need to utilize technology, download the app, and verify with email. Should anyone need assistance with or some confidence building for the use of this technology, we will be present after regularly scheduled Mass times.

We will plan to meet again, likely virtually with Google Meets again, to talk through the experience, after December 1st.

Jennifer wrote a bulletin article to introduce the group. Should someone want to reach out for assistance, at this time, we will have them contact Jennifer and she will get the request to the group for someone to reach out and make the assist.
